

Service Project Record

Name: _____

Amount of Time: _____

Eighth grade students must complete five hours of service as a graduation requirement. This may be parish or community service. Service must be completed outside of the school day. A few examples are: Bible School helper, soup kitchens, work projects at St. James, babysitting for meetings, working at the social, or helping at other parish events. Service hours *do not include* chores at home such as babysitting, mowing grass, doing dishes. This is a parish or community service project. If you have questions, please ask your homeroom teacher or the principal.

This record should be completed for each project. All service work should be completed *no later than April 15*. Students are encouraged to complete service hours as early as possible to avoid a last minute need for service hours before graduation. These forms should be returned to the homeroom teacher.
